COMPANY PRESENTATION

LSC ENGINEERING d.o.o. has been successfully creating integrated solutions in the field of mechanical engineering for more than 30 years. Our main vision is to provide high quality and flexible solutions based on knowledge, experience and quick response to market needs. With ISO 9001 (quality management system), ISO 14001 (development, production and sales of metal products) and ISO 27001 (information security management) certifications, we ensure the highest standards in our services.

We specialise in the development, design and manufacture of metal products. We support our customers through the entire development and production process - from consultation, design to final implementation. We take into account all specific requirements, standards and adhere to agreed deadlines. Our expertise is also confirmed by the ISO 3834 welding certificates and the EN 1090-1, 2, 3 standard for steel and aluminium structures up to EXC3 performance class.

Our ambitious team of mechanical engineering experts boasts many successfully completed projects and innovative solutions. With flexibility, we ensure that your products are manufactured to your exact specifications and requirements.

Trust us to deliver cutting-edge, integrated mechanical engineering solutions that are designed for the future.
